01. Introduction

These Terms of Service ("Terms") govern access to and use of the Signal Codex website, analytics portal, educational resources, and related services (collectively, the "Services").

By accessing or using the Services, you agree to be bound by these Terms.

For the purposes of these Terms, **"Signal Codex"** refers to the provider of the Signal Codex platform and related services. Legal entity details may be specified in the applicable commercial agreement, invoice, order form, legal notice, or other contractual documentation.

02. Description of Services

Signal Codex is a business-to-business (B2B) analytics platform designed for brokerage firms and financial service providers.

The Services may include, without limitation:

- Technical Review and Technical Analysis;
- Fundamental Review and Fundamental Analysis;
- Market Sentiment Data;
- Market Overview Content;
- Correlation Analysis and Correlation Matrix Data;
- Heat Maps;
- Trading Scenarios;
- Market Signals;
- Research Materials;
- Educational Materials;
- Trading Guides and Tutorials;
- Guidebook Content;
- Knowledge Base Resources;
- Analytics Dashboards;
- Related informational content.

The Services are intended to assist users in understanding market conditions and financial instruments.

Important

Signal Codex provides informational, analytical, and educational content only.

Signal Codex is not a broker, dealer, investment adviser, asset manager, financial planner, portfolio manager, exchange, or custodian.

03. Access to the Services

Access to the Services is provided exclusively through authorized brokerage partners and licensed organizations.

Users may access the Services through authentication mechanisms controlled by a brokerage partner, including Single Sign-On (SSO) solutions.

Signal Codex reserves the right to suspend, restrict, or terminate access where:

- a subscription or license expires;
- a commercial agreement is terminated;
- misuse of the Services is detected;
- security concerns arise;
- these Terms are violated;
- access is otherwise deemed necessary to protect the integrity, security, or lawful operation of the Services.

04. Demo Access

Signal Codex may provide temporary demonstration access for evaluation, testing, or commercial discussions.

Demo access:

- may be limited in functionality;
- may be subject to expiration dates;
- may be extended at Signal Codex's discretion;
- may be suspended or revoked at any time without notice.

Provision of demo access does not create any entitlement to continued access, future service availability, or commercial engagement.

05. No Investment Advice

The Services are provided solely for informational and educational purposes.

Any analytics, market commentary, ratings, indicators, trading scenarios, market signals, entry prices, take-profit levels, stop-loss levels, risk-reward calculations, forecasts, opinions, educational materials, Guidebook content, tutorials, or other information made available through the Services:

- do not constitute investment advice;
- do not constitute financial advice;
- do not constitute legal, tax, or accounting advice;
- do not constitute a recommendation to buy, sell, hold, or trade any financial instrument;
- are not tailored to any individual's financial situation, objectives, experience level, or risk tolerance.

User Responsibility

Users remain solely responsible for evaluating information provided through the Services and for making their own trading and investment decisions.

06. Trade Execution

Signal Codex does not execute transactions.

Signal Codex does not maintain trading accounts, custody client funds, receive deposits, process withdrawals, or participate in order execution.

Where the Services include links, buttons, integrations, or redirects to a brokerage trading platform, any transaction is executed exclusively by the applicable broker and not by Signal Codex.

Signal Codex is not responsible for any transaction entered into through a broker's trading platform.

07. Risk Disclosure

Trading and investing in financial markets involves substantial risk and may result in partial or total loss of invested capital.

Past performance does not guarantee future results.

No representation, warranty, or guarantee is made regarding:

- profitability;
- performance;
- future market outcomes;
- accuracy of forecasts;
- achievement of any trading objective.

Users should carefully assess the risks involved in trading and seek independent professional advice where appropriate.

08. Intellectual Property

All content, software, designs, analytics, research materials, educational materials, Guidebook content, text, graphics, databases, methodologies, models, market signals, trading scenarios, trademarks, and other materials made available through the Services are owned by Signal Codex or its licensors and are protected by applicable intellectual property laws.

Except as expressly authorized in writing, users and brokerage partners may not:

- copy, reproduce, or republish;
- distribute or sublicense;
- sell or commercially exploit;
- modify or create derivative works from;
- reverse engineer.

Access to the Services does not transfer any ownership rights.

09. Broker Branding and Trademarks

Where a brokerage partner provides logos, trademarks, names, branding assets, or similar materials, the brokerage partner grants Signal Codex a limited, non-exclusive, revocable license to use such materials solely for the purpose of configuring, operating, maintaining, supporting, and delivering the Services.

No ownership rights are transferred to Signal Codex.

10. Acceptable Use

Users shall not:

- attempt unauthorized access to systems or data;
- interfere with platform operations;
- bypass security mechanisms;
- use automated tools to scrape content;
- distribute malware or malicious code;
- misuse authentication credentials;
- use the Services in violation of applicable laws or regulations.

Signal Codex may suspend access where misuse is reasonably suspected.

11. Data Processing and Authentication

Access to the Services may be provided through broker-controlled authentication systems.

Signal Codex may receive broker-generated identifiers required for authentication, authorization, access control, security, and service administration.

Signal Codex does not require access to end-user trading balances, transaction history, payment information, KYC documentation, or similar financial account data in order to provide the Services.

Further information regarding data processing is available in the Privacy Policy and any applicable Data Processing Agreement (DPA).

12. Availability of Services

Signal Codex aims to maintain reliable service availability but does not guarantee uninterrupted operation.

The Services may be unavailable due to:

- maintenance;
- upgrades;
- technical failures;
- third-party outages;
- force majeure events.

Signal Codex may modify, update, suspend, or discontinue features at any time.

13. Disclaimer of Warranties

The Services are provided on an "as is" and "as available" basis.

To the maximum extent permitted by law, Signal Codex disclaims all warranties, whether express, implied, statutory, or otherwise, including warranties of:

- merchantability;
- fitness for a particular purpose;
- non-infringement;
- accuracy;
- reliability;
- availability.

Signal Codex does not warrant that the Services will be error-free, uninterrupted, secure, or suitable for any specific business purpose.

14. Limitation of Liability

To the maximum extent permitted by applicable law, Signal Codex shall not be liable for any:

- trading losses;
- investment losses;
- loss of profits or revenue;
- loss of business opportunities;
- loss of goodwill;
- indirect, incidental, consequential, or special damages.

This limitation applies regardless of the legal theory under which liability is asserted.

15. Indemnification

Users and brokerage partners agree to indemnify and hold harmless Signal Codex from any claims, liabilities, losses, damages, costs, and expenses arising from:

- misuse of the Services;
- violation of these Terms;
- violation of applicable laws;
- unauthorized use of platform content.

16. Data Retention and Termination

Access to the Services may be terminated:

- upon expiration of a subscription or license;
- upon termination of a commercial agreement;
- for violation of these Terms;
- for security, operational, or compliance reasons.

Upon termination, access rights shall immediately cease.

Customer data may be retained for up to **thirty (30) days** following termination or expiration of access for service restoration, dispute resolution, security, operational, auditing, or compliance purposes.

Following such period, data may be deleted or anonymized in accordance with Signal Codex policies and applicable legal requirements.

17. Changes to These Terms

Signal Codex may update these Terms from time to time.

The latest version will be published through the website or Services.

Continued use of the Services following publication of updated Terms constitutes acceptance of the revised Terms.

18. Contact

Questions regarding these Terms may be directed to the contact information published on the Signal Codex website.

In the event of any inconsistency between language versions of these Terms, the English version shall prevail.
